FlowLogic™ Access™

\$24* Starter/Exploratory/SX Files | Single 6-pack

Standard shaping file for coronal access and preflaring; opens the coronal third of the canal for unobstructed flow.

SX - 19/.06 19mm

FlowLogic™ RipTide™

\$24* Retreatment Files | Assorted 6-pack†††

Retreatment file for removing failed obturation material.

D1 - 30/.06 16mm

D2 - 25/.06 18mm

D3 - 20/.06 22mm

For premium performance without the high price, go with FlowLogic™.
